

Temple Har Shalom JSchool and ShalomLearning

We are excited to announce that Temple Har Shalom will be offering the ShalomLearning program for Kindergarten through 6th Grade for the upcoming school year. ShalomLearning partners with synagogues all over the world to provide a fresh approach to Jewish education by using technology, short videos, music, texts, and online activities to make curriculum and materials relevant to the students.

Judaic Curriculum

ShalomLearning's interactive, Jewish values-based curriculum helps children develop a positive Jewish identity. The curriculum is based on seven Jewish values we all share, like *Gevurah* "Using your inner strength to do what's right," and *Teshuvah* "Taking responsibility for your actions." By relating stories from the *Torah* and Jewish history to events happening in our kids' lives, ShalomLearning helps each student explore his or her personal connection to our heritage. It is a spiral curriculum meaning that while all grade levels will be studying the same core values, each grade level will be learning with age and grade level appropriate activities. All of the core values are integrated into the themes of the holidays (ie *Teshuvah* is introduced for *Rosh Hashana* and *Yom Kippur*).

In addition to ShalomLearning's innovative curriculum, we will be integrating our current curriculum designed for each grade level:

Grade PreK-K: Jewish Explorers

During these foundational years we will introduce the joys of Jewish living through music, art, ritual and movement. A special emphasis will be using Hebrew as a spoken language and learning *Torah* as a favorite story book.

Tuition: \$0

Grade 1: Jewish Time Keepers

Our emphasis will be on exploring the past and present leaders within our Jewish history. Students will learn about our prophets and famous Jewish people through stories, art, and other hands on experiences.

Tuition: \$560

Grade 2: Jewish Trailblazers

Through the lens of *Middot* (Jewish values), students will look at Jewish leaders once again to begin to understand what it means to be a Jewish leader and the *middot* they embrace. They will begin the life-long process of living Jewishly by embracing those same *middot* to become Jewish leaders themselves.

\$560

Grade 3: Jewish Adventurers

Our students will begin their adventure into the exciting world of journey towards *B'nai Mitzvah* including emphasis on acquiring the initial tools of appreciation for our people, language, faith, and rituals. (Our 3rd grade students receive their *B'nai Mitzvah* dates.)

Tuition: \$1190

Grade 4: Jewish Sustainers

This year our students will concentrate on the state of Israel. Students will explore many different aspects of Israel, including the history, language, geography, and lifestyle. Why is the state of Israel important to the Jewish people?

Tuition: \$1190

Grade 5: Jewish Navigators

A year dedicated to tracing our Jewish roots to the Jewish lifestyle we have come to know. Students will explore the lifecycle events from birth to death and find reason for it in our history.

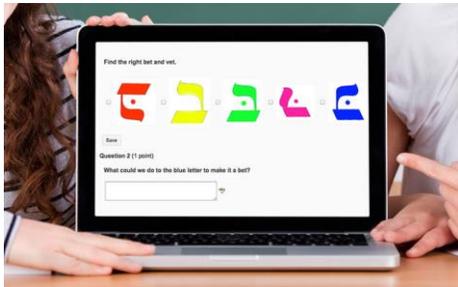

Tuition: \$1190

Grade 6: Jewish Adults in Training

Explore the *mitzvah* system of 613 commandments. Research and learn what the expectations of our faith are when one becomes a Jewish adult. Students will create a list of their own adult priorities for their upcoming role as a *Bar* or *Bat Mitzvah* and work together to form meaningful *mitzvah* project opportunities.

Tuition: \$1190

Hebrew Curriculum

In partnership with Torah Aura Publishing and JLearnHub, ShalomLearning offers two different approaches for learning Hebrew and *Tefillot*. Both options provide students the opportunity to learn to decode Hebrew and prayers for *Shabbat* services. Between class times, **students log in to the site my.shalomlearning.org** to complete self-paced activities, answer questions, practice

Hebrew and stay connected to their Hebrew school class throughout the week. Each family will receive login information from ShalomLearning to set up your account. THERE ARE NO ADDITIONAL COSTS TO THE FAMILY. This will also be our portal to communicate with all of your teachers.

Virtual Classes

We understand that many families need more flexibility in their schedule and Jewish learning shouldn't be limited to only within the synagogue. By using the ShalomLearning program, classes can be held online. Each week, at the same time, students log in to a teacher led virtual classroom in real time, where they will see, hear and interact with one another. The peer connections will continue and evolve in this online setting. The beauty of ShalomLearning's program is the self-paced nature of the program. If you are absent one day you can view the lesson and do self-paced activities outside of "classroom" times to keep on track!
